

In South Kern we will Increase Access to Better Health Care Systems

We Promise: By July 1, 2015, we will work toward health equity and improve the state of health care in South Kern by supporting residents in enrolling in health insurance and accessing appropriate quality care for themselves and their family.

Result to Achieve by 7/1/2015	Goals for 2020
Continue partnering with residents and community partners to increase the number of South Kern residents newly enrolled in health insurance by 1500.	➤ <i>Provide access to medical, dental, vision, pharmacy, and mental health for everyone.</i>
Three Local Clinics will establish family-centered care practices.	➤ <i>Increase and improve health education and prevention services.</i>
Increase the availability and integration of health services through non-traditional venues including: schools; mobile clinics; and non-traditional providers and supports such as interns.	➤ <i>Increase the numbers of Doctors and Specialists.</i>
<p>100% of BHC Community Partners will have a culture of prevention by integrating prevention education including appropriate Emergency Room/Urgent Care usage as a standard practice during their enrollment and linkage services.</p> <p>Advocate for local government leaders to hold a community forum on emergency needs and resources in South Kern.</p>	➤ <i>Residents will have appropriate access to Urgent and Emergency Services.</i>
