The California Endowment is committed to promoting diversity and inclusiveness through our grant making and other funding as well as in our own organizational operations.

We ask that you provide as much data as possible on the diversity of your organization's staff and leadership. This will help us better understand the levels of diversity in the organizations we support.

Responding to the following questions is optional at this time, however, if your request for funding is approved you will be required to provide your organization's diversity data to us within 30 days. The Endowment will maintain strict confidentiality of these data and will only report publicly on aggregated data, never on a particular individual or organization.

Are you a Minority-Led Organization, defined as one whose:

- staff is 50% or more minority;
- board is 50% or more minority; AND
- mission statement and charitable program aim to predominantly serve and empower minority communities?

<None> v
