Testimonials from Current President’s Youth Council Members

“Becoming a member of the PYC has been one of the most liberating experiences. Having the opportunity to connect and build with organizers, healers, activists, advocates, freedom fights, youth and young adults across the state has continued to empower me to fight for communities like Stockton and the central valley. TCE and PYC have committed their values and mission to serving and uplifting youth voices with the support of our leader and CEO Dr. Ross and support of the amazing staff.”

Jasmine Dellafosse (She/Her/Hers) Stockton

“What’s my favorite thing about the PYC? Definitely the people. Everyone is so humble, inspiring, & articulate- but the best thing about that is we’re all youth. It assures me that I’m not the only one who cares about certain issues that are important to me.”

Natalie Martinez (She/Her/Hers) Garden Grove

“The PYC is an eye-opening experience as a young community leader. It has given me the opportunity to learn how a big foundation such as The California Endowment works. Understanding the philanthropy system is valuable knowledge that you can leverage when advocating for resources in your community. It also gives you an opportunity to speak your truth to power with TCE leaders to ensure that their strategies and campaigns reflect what is needed in vulnerable communities across California. As a PYC member, my favorite responsibility has been reimagining what public health looks like with fellow PYC members and challenging Dr. Ross to help us make that imagination a reality. Knowledge, friendships, and a network of badass organizers is what I have got out of my time in the PYC.”

Efrain Botello Cisneros (He/Him/His) Fresno (alumnus, 2020)

“Becoming a PYC member has been a transformational experience. Over the years I have had the honor and privilege to connect with healers, activists, organizers across California who are fighting to create a community without violence. TCE and PYC have cultivated a space that has encouraged me to further my leadership skills and become a critical thinker.”
